TRIAD Construction Announces Promotion

West Allis, WI – Triad Construction Inc. is pleased to announce the promotion of Kevin King to Senior Project Manager.

In his new role, Kevin will combine the industry's best practices with construction's cutting-edge strategies to develop construction solutions customized around the needs of his clients. Kevin, who's worked for Triad Construction as a Project Manager for two years, will also take on some supervisory duties and play an important role in determining the company's goals and direction.

As a construction industry professional with more than 16 years of experience, Kevin offers the clients of Triad Construction an informed approach on a wide range of construction projects. He's recently earned LEED A.P. status, an accreditation that qualifies him to help the community in constructing buildings that will increase energy and water efficiency and enhance occupant well-being. He is also a graduate from the Milwaukee School of Engineering with a degree in Construction Management.

Triad Construction Inc. is a commercial construction firm organized around a team of skilled professionals. They enjoy working with clients who value relationships and are looking for a committed team to help them reach their construction goals.

For more information, please contact them or visit www.triadgc.com.
